Evaluation Report

Name	Roll Number
Tushar Jain	180101082
Ujwal Kumar	180101083
Bhavishya Samriya	180101016
Shivraj Ahirwar	180101077

1. Visibility of System Status:

The status of the system is visible at many instances, eg: when signing in, signing up, creating or editing an event etc. a waiting indicator to is shown to display the actions.

2. Match between System and Real World:

The first page user encounters show at the first run of the application show the purpose of the application and subsequent words and terms used in the application are commonly used terms and easy to understand.

3. User Control and Freedom:

Users have some control over their actions as there is an edit and delete option available to them for the events created by them.

4. Consistency and Freedom:

The system is consistent and standardized as the layout and spacing is uniform throughout the application.

5. Error Prevention:

The controls are at positions which reduce the chances of messing up.

6. Recognition rather than recall:

For searching suggestions are displayed on keyword typed.

7. Flexibility and Efficiency of use:

New or experienced user, both can use the application very easily. Every function is very clear, simple and intuitive.

8. Aesthetic and Minimalist design:

Only relevant and necessary information is shown on corresponding pages.

9. Help Users recognize, diagnose and recover from errors:

If incorrect or incomplete details are entered by user then warning will be shown, and by mistake if back button is get pressed then alert is shown.

Note: *This prototype is based on the point of view of an event host as they'll be managing the events, here participants and outside viewers can not create and edit events. And outside viewers can not access the chat*

section of the application which is only reserved for event host and participants.

Our team consisted of 4 members, 1 being a professional software developer,other being a design student in our iit Guwahati and remaining being previous year inter iit managers and participants. They were asked to rate their satisfaction on a scale of 1 to 5 for each task, 5 being the most satisfied and 1 being the least. The average of their answers is shown in the below table.

Add event steps:-

Add event questions:-

Task – View details of an Event	Did you understand how to start the task?	Are the controls clearly visible?	Were you able to know which control is the desired one?	Was there feedback to indicate the task is being processed?	Was there feedback to indicate the task has been completed or not?	Were you able to complete the task easily?	Recommendations
Open the inter iit tournament management application	5	5	5	5	5	5	
Click on the Sign Up button	5	5	5	5	5	5	
Enter Your Name	5	5	5	5	5	5	
Enter Your Email adress	5	5	5	5	5	5	
Create a Password	5	5	5	5	5	5	
Click on Sign Up and Wait	5	5	5	5	5	5	
Click on Sign In button	5	5	5	5	5	5	
Enter email address	5	5	5	5	5	5	
Enter password	5	5	5	5	5	5	
Click the Sign In button	5	5	5	5	5	5	
Click on the card of the event you want to get info of	4.7	4.6	4.6	5	5	5	

Filter events created by us:-

Filter Event questions:-

Task – Filter events created by us	Did you understand how to start the task?	Are the controls clearly visible?	Were you able to know which control is the desired one?	Was there feedback to indicate the task is being processed?	Was there feedback to indicate the task has been completed or not?	Were you able to complete the task easily?	Recommendations
Open the inter iit tournament management application	5	5	5	5	5	5	
Click on the Filter button	4.2	5	4.3	5	5	5	
Check the "Created by me" option	5	5	5	5	5	5	

Create new event steps:-

Create new event questions:-

Task – Create a new event	Did you understand how to start the task?	Are the controls clearly visible?	Were you able to know which control is the desired one?	Was there feedback to indicate the task is being processed?	Was there feedback to indicate the task has been completed or not?	Were you able to complete the task easily?	Recommendations
Open the inter iit tournament management application	5	5	5	5	5	5	
Click the plus icon floating action button	4.5	4.8	4.3	5	5	5	Make its size a little big
Select the event name from event dropdown menu	5	4.7	4.9	5	5	5	
Select the first participant team from participants dropdown list	5	4.7	4.9	5	5	5	
Select the second participant team from participants dropdown list	5	4.7	4.9	5	5	5	
Select the new event date from date picker	5	4.8	5	5	5	5	
Select the new event time from clock	4.8	5	4.6	5	5	5	
Select the venue from the venue dropdown list	5	5	5	5	5	5	
Click the Done button	5	5	5	5	5	5	

(With Tick mark icon)								

Edit event steps:-

Edit event questions:-

Task – Edit an already existing event	Did you understand how to start the task?	Are the controls clearly visible?	Were you able to know which control is the desired one?	Was there feedback to indicate the task is being processed?	Was there feedback to indicate the task has been completed or not?	Were you able to complete the task easily?	Recommendations
Open the inter iit tournament management application	5	5	5	5	5	5	
Click the more(three dot) icon button at bottom right of the event card to be modified	4.8	4.9	4.9	5	5	5	
Select edit option from the opened context menu	5	5	5	5	5	5	Alignment could be better
Select the new event name from event dropdown menu	5	4.7	4.9	5	5	5	
Select the new first participant team from participants dropdown list	5	4.7	4.9	5	5	5	
Select the new second participant team from participants dropdown list	5	4.7	4.9	5	5	5	
Select the updated event date from date picker	5	4.8	5	5	5	5	
Select the updated	4.8	5	4.6	5	5	5	

event time from clock						
Select the updated venue from the venue dropdown list	5	5	5	5	5	5
Select the winner of the event i.e., Team 1 or Team 2	5	5	5	5	5	5
Click the Done button (With icon Tick mark)	5	5	5	5	5	5
